Township of Nipigon Residents

Re: Front Street – Watermain Break Update

---

Dear Sir/Madam,

Please be advised our Public Works team is currently responding to a watermain break on Front Street between 3<sup>rd</sup> and 2<sup>nd</sup> Street respectively. Crews are on site repairing the break, which requires excavation through asphalt, curb, and sidewalk.

For your safety, please avoid the work zone. Heavy equipment, open excavations, and utility hazards make this an unsafe area for pedestrians and vehicles not involved in the repair.

Properties affected by the disruption in the water service have been notified and we will provide updates as work progresses and service is restored.

We appreciate your patience and cooperation as we work to complete these emergency repairs as quickly and safely as possible. Emergency services will be accommodated at all times.

Please see the map below detailing the exact location of the emergency repairs which is depicted with the red circle.

If you have any questions or require special accommodations, please contact the undersigned.

Yours very truly,

Taylor Haskell, C. Tech  
Public Works Superintendent  
Office: 807-887-3135 ext 204
